

Girton Glebe Primary School – Our Vision

Our school is an inclusive school where our children develop into inspired, confident, happy, engaged and independent learners. We achieve this by being the best we can be in delivering education with a good enrichment curriculum and by being an integral part of the Girton community.

Our key aims:

- To be the very best we can be
- For children to be happy, engaged, enthusiastic, and making good progress
- For Girton Glebe to become a true community school

Our strategic objectives:

1. To ensure that every child feels valued and has the opportunity to reach their potential by overcoming barriers for disadvantaged children, ensuring they make progress and improving outcomes.
2. To continuously develop our approach to teaching and learning to ensure that we are the best we can be and that children become inspired, confident, happy, engaged, independent learners.
3. To be true partners with our parents, carers and the wider community and raise parental engagement with their children's learning.
4. To provide wider curriculum opportunities that engage our children in adventurous learning
5. To celebrate our village location on the edge of a vibrant city, with a diverse catchment and strong community spirit.
6. Provide continuous development opportunities for our staff.

We have developed our Vision & Strategy over the last 9 months by consulting with parents, staff and children. This work began with a workshop for governors in November 2015. We have shared our strategic objectives with parents, via the parent survey early in 2016, with children through discussion with the school council and with all staff at a training day.

While there have been many different perspectives, the strategic objectives are all considered to be appropriate and important.

We will review these in the autumn to ensure that they remain relevant.
