

As Historians we will:

- Find out about the Roman army.
- Investigate why the Romans came to Britain and the impact they had.
- Learn about Boudica's revolt.
- Understand the difference between primary and secondary sources.
- Investigate what we can learn from different primary sources.

As Technologists we will:

- Design and make products to meet specific needs.
- Use simple tools and equipment with some accuracy.
- Identify the ways in which products meet specific needs.

We will do this by designing and making Roman sandals.

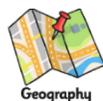

As Scientists we will:

- Investigate how human teeth compare to animal teeth.
- Discover how our heart works to keep us alive.
- Investigate different skeletons and types of muscles.
- Explain why exercise is good for us.
- Understand which foods keep us healthy and why.
- Find out how our body uses food and water.

As Geographers we will:

- Locate where in Britain the Romans visited and where we can still see signs of the Roman invasion today

Geography

## Lime Class - Autumn Term 2

### Romans

As Sports People we will:

- Improve our coordination and balance through gymnastics and dance. *(Indoor PE kits are needed)*

As Artists we will:

- Investigate the designs on Roman shields and make our own.
- Use our historical knowledge of Roman soldiers to make puppets.

As Internationally Minded People we will

- Understand the importance of respecting others.
- Understand strategies for responding to bullying.
- Learn about the importance of saints to the Christian faith and their symbolism.
- Continue to develop our French vocabulary for songs and conversation.

As Mathematicians we will:

- Develop our understanding of fractions by finding fractions of amounts, shapes and quantities. We will develop our fluency in this through reasoning activities.
- Increase our fluency at times tables.
- Increase our fluency at adding and subtracting 100s, 10s and 1s.
- Continue to develop our knowledge of the properties of 2D and 3D shapes and develop links between this and other aspects of maths.
- Start to learn the grid method for multiplication.
- Improve our efficiency with number lines.

As Musicians we will:

- Learn a and b notes on the recorder.
- Learn how to read music.
- Learn what crotchets and quavers are.
- Learn to play in time.

As Writers and Readers we will:

- Identify the purpose of paragraphs and how they can help us to structure our writing.
- Learn about sentence structure (simple sentences, compound sentences, complex sentences).
- Identify main and subordinate clauses in sentences and use this to vary the structure of our own sentences.

We will be learning about the features of non-chronological reports and will write our own report about the Roman Army. We will be reading 'Leon and the Space Between' and will use this to inspire our fiction writing.
