

As Mathematicians we will:

- Extend our understanding of number and place value.
- Calculate by adding, subtracting, multiplying and dividing.
- Find fractions of objects and amounts.
- Name and describe the properties of shapes.
- Practice our fluency in counting and calculation.
- Solve real life problems.

As readers we will:

- Apply sounds we know to read increasingly challenging words.
- Learn alternative letter patterns for sounds we already know.
- Enjoy rereading familiar stories.
- Read stories with familiar settings such as 'The tiger who came to tea.'
- Read poems.

As writers we will:

- Apply sounds we know in our writing.
- Spell words that do not follow the usual phonetic patterns (common exception words).
- Write our own story with a familiar setting.
- Write our own poems.

In PE we will:

- Explore changing size, level and dynamics through our 'Magic Friendship' dance.
- Extend our co-ordination, balance and agility through gymnastics.

Oak – Monday and Friday

Willow – Wednesday and Thursday

Children will need their indoors PE clothes.

In PSHCE we will:

- Think about our identity.
- Understand that people have different beliefs and opinions.
- Know what 'community' means.

KS1 Spring 1

Famous people

In Music we will:

- Develop understanding of pulse, rhythm and pitch.
- Compose and record our own phrases using everyday objects.
- Listen to and reflect on a variety of types of music.

In Science we will:

- Investigate how simple electrical circuits work.
- Describe the properties of common materials.
- Experiment with the properties of materials to find out why they are used for different purposes.

In Art we will:

- Find out about the life of LS Lowry.
- Make our own pictures in the style of LS Lowry.

In Computing we will:

- Create, organise, store and retrieve data using Piccollage on the iPads.

In RE we will:

- Explore stories and symbols that are important to Sikhs.
