

## Science Overview at Girton Glebe

### Intent Statement:

Through a broad and balanced curriculum, pupils at Girton Glebe will develop a greater appreciation and understanding of international cultures, equality and diversity through exploring global communities, their arts and literature. This intention will also challenge racial stereotypes and gender biases and celebrate differences. The curriculum at Girton Glebe aims to equip our pupils for life. It offers them the opportunity to develop a lifelong love of learning and a good understanding of themselves and others. Our curriculum engenders resilience, self-confidence, empathy and independence. Through these attributes, and the high standards set by teachers, our pupils value effort as a key to success and take great pride in their personal achievements. Teaching and learning at Girton Glebe encourages children to make clear links across their curriculum whilst delivering fun, challenging activities that excite them and pique their interest.
